Neither has mine. But their oath is to city hall not to this country, they have shown that time and time again during this plandemic where their loyalty lies. cowards.

I disagree with them being cowards, it takes a very brave man to go to Hell eternally for a paycheck.

I work with many local law enforcement. Law enforcement is no ones friend. They are only each others friends since they can trust no one outside. Politics is where all law enforcement has broken down in history.

So many vows...they make you swear and swear. Defend the king. Obey the king. Keep his secrets. Do his bidding. Your life for his. But obey your father. Love your sister. Protect the innocent. Defend the weak. Respect the gods. Obey the laws. It's too much. No matter what you do, you're forsaking one vow or the other.

me thinks this will play out like a wildlife program on nat geo.....when you see packs of wolves descending on weakened/ outnumbered prey.....the strongest always wins.

it always comes down to basic animal instincts and laws of nature.

I think if we don't violently attack the cops, then massive numbers of people will be able to just flow past them like water. I watched a lot of Antifa footage, and the cops are very afraid of being cut off from other cops or knocked to the ground and they run as soon as things get crazy. They can't swing the clubs and tackle people if they don't get them singled out and running. I also think the cops know that if one cop fires a shot into the MAGA crowd, that they are all going to get instantly killed. Somehow, though, I see a tense peace sustained where absolutely nothing goes sideways all day and no one get hurt. This depends entirely on the behavior of the cops at this point because 2 million Patriots are gonna MAGA and it won't be stopped.

See you wont have us trapped, we. will. Have. You. Trapped. After. Dark. With.us.

Once any group of people gets up into the thousands, it becomes almost impossible for any one individual out of that thousand to be charged with a crime. Especially now that everyone is allowed to wear masks.

It might be interesting to surround Obama's mansion in D.C. It will probably be empty. How many security guards would it take to protect Obama's mansion from a civilian army of 25,000 people?
